IPA413 Series

4-1/8" Double-Glazed Acoustic Glass Wall System

The D8 Aluminum IPA413 Series Double-Glazed Acoustic Glass Wall System is a sound resistant, interior partition that has the flexibility to meet ever-changing design demands. It is a non-load bearing system that utilizes snap-on technology—removing the need for rivets, caulk or screws.

The IPA413 Series is an aesthetically pleasing system that can be customized to accept multiple door styles and comes in a wide variety of painted and anodized finishes.

The IPA413 Series Double-Glazed Acoustic Glass Wall System comes with an industry standard factory warranty.

FEATURES	RESULTS
Aluminum system	Sleek profile, long-lasting strength and durability
Sound resistance	Can be configured to achieve 41 to 49 Rw (dB)
